RE: Allow FEP Committee to spend up to \$20K on current FEP projects

A motion was made at our July 20, 2011 Flood & Erosion Protection Committee meeting by Chris Heid as follows: "Ask the City to budget \$20,000 of FEP money for the repair and maintenance of dike walls, dredging permits, or other immediate needs." This was passed by all committee members who were present at this meeting.

The committee also requests that this memo be included and placed on the agenda for discussion and action at the August 11th meeting if the City Council needs to approve it.

Thank you and we look forward to hearing your discussion and answer.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Lopes", with a long horizontal flourish extending to the right.
